*Murgon - Dreaming...*

Empowering People

## Murgon, QLD

Saturday 24th to Monday 26th March 2018

Andrew and Katie Zerner's Hazeldean

**Andrew and Katie Zerner are our hosts for this GrowthLink meeting themed *Dreaming*. We head to their home region of Murgon QLD in the South Burnett and their property named "Hazeldean", just a short drive away.**

A visit to the dreamy Barambah Station is another highlight on the agenda. The station was the first in the area, established in 1843 by European settlers, Ferriter and Uhr. The station initially grazed sheep, then cattle, and is still a working property now owned by Dr Susan Mercer and Brett Heading.

We hear from local community leaders about their dreams for the Murgon region and also Waverley Stanley's dream for educating Indigenous youth. Jenny de Jong guides us through interpreting our own dreams, and we contribute towards the dreams of others.

We acknowledge the Wakka Wakka people as the traditional owners of the area and respect their dreams.
